# FACT SHEET

As a quality oriented outsourcing partner, Hotset America creates value for our customers in equipment manufacturing and automation processes. Based on our comprehensive engineering and production know-how; as well as our expertise in thermodynamics, plastics technology, sensor technology and control technology; we provide a broad spectrum of services - from the construction of custom control panels (UL508A) to the manufacturing of cable and wire harness assemblies. Whether it's one control panel to hundreds of cable assemblies, partnering with Hotset enables our customers to focus on their core business.

## Key figures:

- Swainsboro, Georgia location founded in 2011
- Head Office in Lüdenscheid, Germany
- 5 UL Certified MTRs onsite
- Approx. 50 Employees
- Production area approx. 25000 SQ/FT
- R & D Department
- Insured for Product Liability

## Machinery:

- Schleuniger 9450 Semi-Automatic Cable/Wire stripping machine
- Brady MC25, Brady Wraptor
- 2 Mill Spec Soldering Stations
- Kepstrum Energized Automated Testing Equipment with PLC capabilities
- Multiple Overhead Gantry Cranes
- Multiple Powered Industrial Trucks for safe materials handling
- GRAVOTECH LS100 Laser Engraver
- Weidmuller Label Printer
- Jing Gang Drying Oven
- Heater Coiling Capabilities
- ESD CONTROL Capabilities
- Calibration Equipment
- Elabo Insulation Tester, Leakage Current Tester and High Voltage Tester
- UNIFLEX Hose Crimper

DUNS: 07-845-7576

## Components:

- Ability to distribute Hotset GmbH products
- Remote I/O boxes
- Custom Control Panels(single or runs)
- Cable and harness assemblies
- Repair/Refurbish/Replacement cable assemblies

## Hotset America services many industries including:

- Automotive
- Food and Beverage
- Oil and Gas
- Medical/Pharmaceutical
- Plastic Injection Molding
- Packaging
- Aerospace
- Department of Defense
  - CAGE Code: 9QK38
  - hotset-controls.gov.com

## Services:

- Onsite engineering support services
- Energized Automated Testing
- Thermal simulation
- Custom point to point wiring packages
- Custom engraving packages
- Control panel refurbishing
- Domestic and International crating capabilities
- EPLAN and CAD Services

## Software:

- Global Shop ERP System

## Certifications:

- UL508A
- Siemens Synergy Partner
- Lean Manufacturing
- US Federal Contractor
- USFCR Simplified Acquisition Program Contractor

UL 508A CERTIFIED  
INDUSTRIAL CONTROL PANEL SHOP
